EDUCATION

Parul University

Bachelor of Technology in Computer Science Engineering (AI & ML)

Higher Secondary (Class XII)

Percentage: 64.4%

Secondary (Class X)

Percentage: 65.8%

Vadodara, Gujarat

2024 – 2028

PROJECTS

AI Resume Analyzer | *Python, Machine Learning, HTML, CSS*

- Developed an AI-powered Resume Analyzer to evaluate ATS compatibility and resume quality.
- Implemented resume parsing and keyword analysis for skill assessment.
- Generated personalized feedback and job-role recommendations based on resume content.
- Improved resume screening efficiency through automated analysis.

Student Productivity Management System | *Python, HTML, CSS, MySQL*

- Built a web-based productivity management platform for students.
- Enabled task organization, activity tracking, and academic planning.
- Integrated database functionality for efficient data storage and retrieval.
- Designed a user-friendly interface to improve productivity monitoring.

WeatherNow | *Python, Flask, HTML, CSS*

- Developed a weather forecasting application using Flask and external APIs.
- Provided real-time weather information for user-selected cities.
- Implemented dynamic weather updates and city-based search functionality.
- Designed a responsive and intuitive user interface.

The Cozy Corner | *HTML, CSS, JavaScript*

- Designed and developed a responsive coffee shop website.
- Created an engaging user interface showcasing products and services.
- Applied modern web design principles for improved usability.
- Optimized the website layout for desktop and mobile devices.

CERTIFICATIONS

Deloitte Data Analytics Job Simulation

2025

Forage Virtual Experience Program

Vadodara Hackathon 6.0 Participation Certificate

2025

Parul Innovation & Entrepreneurship Research Centre

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C, SQL

Web Technologies: HTML5, CSS3, Flask

Database: MySQL

Developer Tools: Git, GitHub, VS Code

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems

ACHIEVEMENTS & ACTIVITIES

- Participated in Vadodara Hackathon 6.0 and collaborated on innovative problem-solving challenges.
- Completed Deloitte Data Analytics Job Simulation Program with practical exposure to data analytics workflows.
- Actively practicing Data Structures and Algorithms using Java.
- Developed multiple academic and personal projects using Python and Web Technologies.
